### Make Your Video Professional

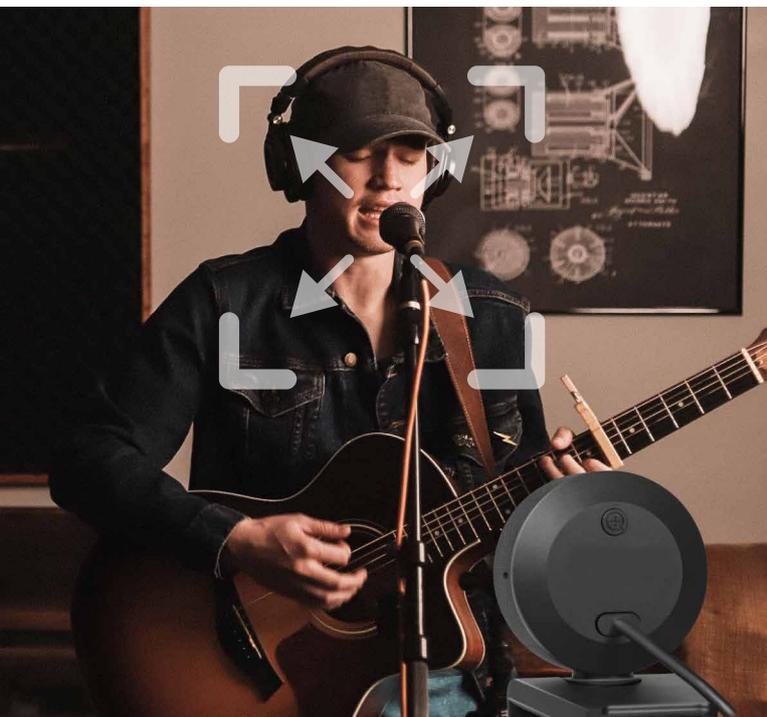

Built-in ring light provides lighting at 3 different levels with touch control; it turns a dim room into a professional-looking work environment without any effort on your part.

Touch Button

### Get a Closer Look with 5x Zoom

Press the button on the back of the camera to easily change your distance from the webcam and capture close-ups without moving. Powerful 5x digital zoom provides you with more choices for field of view.

### Real-time Autofocus

Comes with an auto-focus function that adjusts seamlessly whether you are close or further back from the camera. It captures razor-sharp high-definition video in every environment.

### Always Look Great

Equipped with auto low light correction; adjusts the lighting to produce better quality and brighter images in any environment.

### Crystal Clear Sound

Built-in dual noise reduction mics are specifically optimized for ultra-clear conversations in the room; making sound purer and clearer.

### Capture the Best Angle

360° rotation left/right and 90° tilt forward/backward to show your best side on every video call, wherever you are.

### Simple to Use

Plug-and-play USB connection supports USB Video Device Class (UVC); makes it easy to get it up and running.

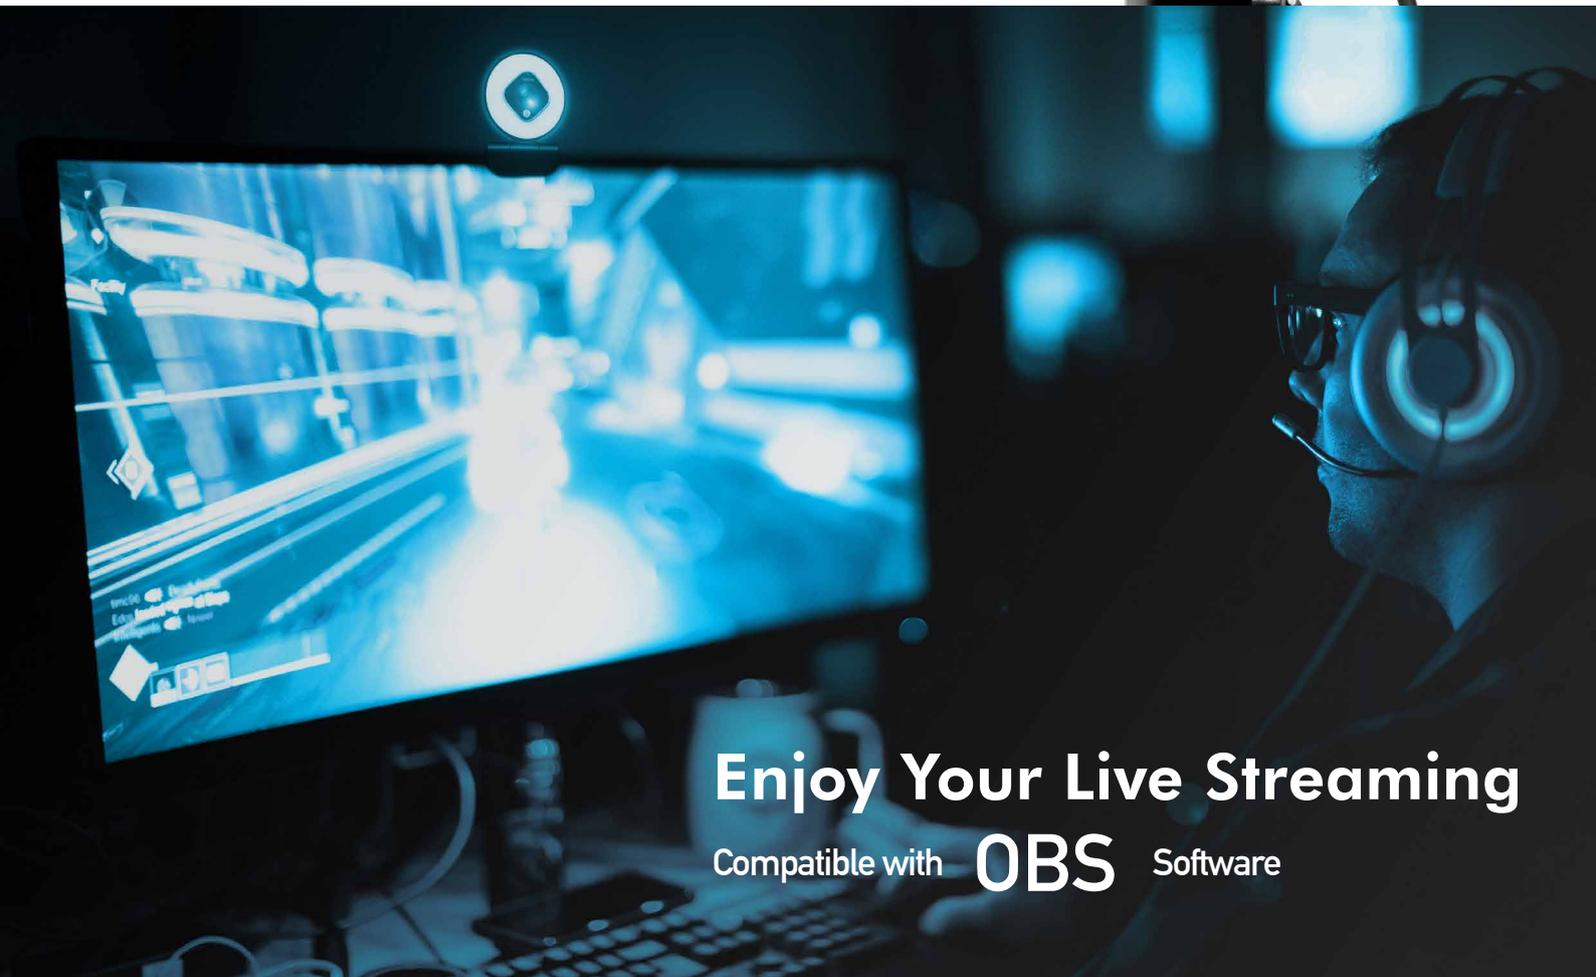

## Place Your Camera Anywhere

Versatile mounting choices allow you to put it anywhere: clamp on LCD screens, laptops, desktops or mount on the included tripod.

## All-around Platform Compatibility

Compatible with Windows, Mac OS, Linux, Chrome OS and Android. Works with OBS, XSplit, Skype, Microsoft Teams, Google Meet, Zoom, FaceTime, Facebook Messenger, Twitch and more.

# Enjoy Your Live Streaming

Compatible with **OBS** Software
