

THRONMAX CASTER BOOM STAND S1/S2

- Advance internal spring design
 - Hidden Cable management
 - Hand-tightened friction-hinges for smooth, quiet operation
 - Designed for all Thronmax mics and other professional broadcast mics
 - Compatible with all standard shock mounts
- **Studio-Grade Design**
Caster features a broadcast studio-grade all-tube design with internal springs and hidden cable management. All friction-hinges are hand-tightening, no need for any tools, and a full 360-degree rotation means you are covered for any application. Effortless and quiet, Caster stays in place after being adjusted, and the robust C-clamp creates a solid connection with your desktop
 - **Game Streaming, Podcasting & Broadcast**
Caster is your secret weapon for your Twitch game streams. Caster lets you put your mic where you want it, when you want it. Caster fits perfectly into your game streaming or podcasting setup and will impress your audience.
