

LogiLink®

Chain spray For bicycles

Art. No.: RP0024

The RP0024 is universally applicable for maintenance and greasing of chains, hinges, locks, bowden cables, screw connections, etc. It settles in the roughness of the surface and leaves a permanent greasing. It is resistant to cold, salt and hot water and is particularly suitable for applications in humid areas, where reliable sliding and lubricating effect is required, which is resistant to common cleaning agents.

Features:

- » Excellent greasing properties – also with dry-running properties
- » Temperature resistant from -30°C to +200°C (PTFE up to +260 °C, MoS2 up to +315 °C)
- » Strong bonding, spin-off resistant, O-ring neutral

Specifications:

Content	0.3 l
Fields of application	Maintenance and greasing of chains, hinges, locks, bowden cables, spring struts, stabilizers, celts, wire ropes, toothed racks, plastic bushings, springs, screw connections, etc.
Active Substances	Synthetic adhesive lubricant with PTFE & Mo2S

Application:

Optimum use and storage temperature of the can 10–25 °C. Shake briefly before use. Thoroughly clean surfaces and spray from a distance of approx. 15–20 cm. Allow to flash off. Do not mix with other greases.

Package Contents:

- » 1x Chain spray

Packaging Informations:

- » Packing Dimension: mm
- » Packing Weight: kg
- » Carton Dimension: mm
- » Carton Q'ty: pcs
- » Carton Weight: kg
